Re: Claim History and Coverage Verification Request for Central Jersey Urgent Care

In response to your request, attached please find verification of the above-referenced provider's coverage from inception with Coverys. Please be advised that unless they have reported a claim to Coverys, non-physician practitioners may not be listed individually on the report. A practitioner who was an employee of the policyholder, should contact the employer for employment dates to assist us in verifying his/her coverage.

Regarding your request for claim history, our records do not indicate any medical professional liability claims for this provider from inception.

If you have questions about this report or need any additional information please do not hesitate to contact me.

Very truly yours,
